

## HTML5 Authoring Final Project

Congratulations! You've reached the capstone to the HTML5 Authoring course. Now that you've finished the course, pending completion of this project, you'll be eligible for the Framework HTML5 Specialist Certification.

### Project Description

Congratulations! Tighty Whities, the online t-shirt store has hired you to design their catalog sales page. They have provided you with 16 t-shirt images representing t-shirts that they sell. The page must include the following information:

### Store Information

<b>Store Name</b>	Header	Tighty Whities
<b>Store Physical Address</b>	Footer	123 Main Street Westport, CT 06880
<b>Customer Service Number</b>	Footer	(800) 555-1212
<b>Copyright Statement</b>	Footer	Copyright © 2019   Tighty Whities, LLC   All Rights Reserved
<b>Privacy Policy</b>	Via Link to Separate Page in Footer	See attachment

### Product Information (To be Displayed for Each T-Shirt)

T-shirt Image (provided)

T-shirt Price

T-shirt Description

Buy Button (nonfunctional)

### Requirements

- 1) All T-shirts in inventory must be displayed on the same page.

- 2) Layout must be pleasing, professional and easy to navigate. Your layout should have a nondefault color scheme and have a separate header, main content area, and footer.
- 3) Your layout must take advantage of either a float-based layout or Flexbox based layout.
- 4) Your HTML5 markup must be correct and clear with correct HTML5 usage, proper nesting, correct CSS usage, and proper indentation.
- 5) Your page should appear equally pleasing on all sized screens— from mobile devices to large monitors and televisions.

*You may use any external libraries or frameworks that you wish to complete this project.*

### **Downloading the Image Assets**

The image assets are available from

<https://coursewareframework.s3.amazonaws.com/html5authoring/tshirts.zip>. When you unzip the folder you'll see 16 separate images of t-shirts.

### **Submission**

Before submitting your project, compress your folder into a zip file named *yourlastname\_finalproject.zip*. For this course you may [submit your final project here](https://www.dropbox.com/request/RhW9kBDXtisq2Fsvg3hY): (<https://www.dropbox.com/request/RhW9kBDXtisq2Fsvg3hY>).

## Privacy Policy Text

### Privacy Notice

This privacy notice discloses the privacy practices for (website address). This privacy notice applies solely to information collected by this website. It will notify you of the following:

What personally identifiable information is collected from you through the website, how it is used and with whom it may be shared.

What choices are available to you regarding the use of your data.

The security procedures in place to protect the misuse of your information.

How you can correct any inaccuracies in the information.

### Information Collection, Use, and Sharing

We are the sole owners of the information collected on this site. We only have access to/collect information that you voluntarily give us via email or other direct contacts from you. We will not sell or rent this information to anyone.

We will use your information to respond to you, regarding the reason you contacted us. We will not share your information with any third party outside of our organization, other than as necessary to fulfill your request, e.g. to ship an order.

Unless you ask us not to, we may contact you via email in the future to tell you about specials, new products or services, or changes to this privacy policy.

### Your Access to and Control Over Information

You may opt out of any future contacts from us at any time. You can do the following at any time by contacting us via the email address or phone number is given on our website:

See what data we have about you if any.

Change/correct any data we have about you.

Have us delete any data we have about you.

Express any concern you have about our use of your data.

### Security

We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline.

Wherever we collect sensitive information (such as credit card data), that information is encrypted and transmitted to us in a secure way. You can verify this by looking for a lock icon in the address bar and looking for "https" at the beginning of the address of the Web page.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific job (for example, billing or customer service) are granted access to personally identifiable information. The computers/servers in which we store personally identifiable information are kept in a secure environment.

If you feel that we are not abiding by this privacy policy, you should contact us immediately via telephone at XXX-YYY-ZZZZ or via email.
